EDUCATION

Vellore Institute of Technology, Vellore, Tamil Nadu

2022 – 2026

B. Tech in Computer science & Engineering with specialization in Bioinformatics

Relevant Coursework: Data Structures, Algorithms Analysis, Database Management, OOPs

PROJECT EXPERIENCE

- Developed an online code editor with JavaScript and React.js for building application
- Developed an online code editor with JavaScript and React.js for building application
- Enhanced frontend interactivity with draggable components, boosting user engagement
- Built a real-time web environment for personalized plans, achieving 0% churn
- Boosted suggestion accuracy by 95% by integrated real-time compilation and feedback

Automated low-light car image enhancer

Oct 2024 – Dec 2024

- Built a Python-based image enhancement and car detection system for forensic use cases in low-light environments
- Applied dynamic preprocessing techniques (bilateral filtering, gamma correction, CLAHE, sharpening) to improve visibility in low-light images.
- Integrated YOLOv8 object detection and K-Means clustering to identify cars and extract dominant color features with high accuracy.
- Enhanced number plate readability and image clarity, supporting legal investigations and reducing detection errors in poor lighting.

Dishcovery

May 2025 – Jun 2025

- Developed a recipe discovery platform that intelligently recommends dishes based on the user's available ingredients using a custom-built recommendation algorithm.
- Enhanced cooking efficiency, reduced food waste, and personalized the culinary experience.
- Tech Stack: Python, Flask, Machine Learning

LEADERSHIP ROLES

Riveria, Cultural festival, Vellore Institute of Technology

Dec 2022 – Present

Sponsorship Head | Board member - JAAGRUTHI

- Directed publicity campaigns across universities, managed sponsorship outreach, and organized virtual/onsite cultural events with teams of 10–15 members.
- Produced and edited promotional content, while leading cinematography and photography efforts to boost audience engagement and event visibility.

Gravitas, Technical festival, Vellore Institution of Technology

Technical Head – VITMAS

Nov 2023 – Present

- Led the technical team in developing web apps, automation tools, and event systems while mentoring juniors through workshops.
- Collaborated with event heads on registration portals, analytics dashboards, and sponsorship-driven tech initiatives.

SKILLS

Technical Skills: Python, C++, Microsoft office suite

Developer tools: VS code, Google collab,

Languages: English (Proficient), Hindi, Telugu(native) **SKILLS**

Certifications

Technical Skills: Python, C++, Microsoft office suite

Oracle Cloud Infrastructure 2025 Generative AI Certified Associate (Oracle University, July 2025)

Technical Skills: Python, C++, Microsoft office suite

NumPy and SciPy for Data Science (Intellipaat Academy, May 2026)
