EDUCATION

Vellore Institute of Technology Vellore, Vellore, Tamil Nadu

2022 – 2026

B.Tech in Computer science & Engineering (Bioinformatics)

Relevant Coursework: Data Structures, Algorithms Analysis, Data Science, Database Management, OOPS, Operating systems

PROJECT EXPERIENCE

Gym Web application

Aug 2023 – Oct 2023

- Developed an online code editor with JavaScript and React.js for building application
- Enhanced frontend interactivity with draggable components, boosting user engagement
- Built a real-time web environment for personalized plans, achieving 0% churn
- Boosted suggestion accuracy by 95% by integrated real-time compilation and feedback

Automated low-light car image enhancer

Oct 2024 – Dec 2024

- Built a Python-based image enhancement and car detection system for forensic use cases in low-light environments
- Applied dynamic preprocessing techniques (bilateral filtering, gamma correction, CLAHE, sharpening) to improve visibility in low-light images.
- Integrated YOLOv8 object detection and K-Means clustering to identify cars and extract dominant color features with high accuracy.
- Enhanced number plate readability and image clarity, supporting legal investigations and reducing detection errors in poor lighting.

Dishcovery

May 2025 – Jun 2025

- Built a Python-based image enhancement and car detection system for forensic use cases in low-light environments
- Applied dynamic preprocessing techniques (bilateral filtering, gamma correction, CLAHE, sharpening) to improve visibility in low-light images.
- Integrated YOLOv8 object detection and K-Means clustering to identify cars and extract dominant color features with high accuracy.
- Enhanced number plate readability and image clarity, supporting legal investigations and reducing detection errors in poor lighting.

LEADERSHIP ROLES

Riveria, Cultural festival, Vellore institute of Technology

Dec 2022 – Present

Board member

- Led a team of 15 people for publicity of the event to the local universities in Vellore and created virtual events as part of the online publicity
- Led a team of 10 members for cultural events such as interstate cultural competitions Event.
- Produced and edited promotional and event videos, showcasing key moments from JAAGRUTHI events and social initiatives to boost audience reach and participation.
- Engaged in cinematography and photography for JAAGRUTHI events

SKILLS

Technical Skills: Python, C, C++, HTML Css, Java Microsoft office suite (advanced)

Developer tools: VS code, Google collab, Render, Netlify

Languages: Telugu (native), English (bilingual); Hindi (fluent)
